

Picnic table Standard XL

This concrete table is very large and has an exceptionally strong construction. The fact that the legs and the seats are moulded together with the table plate it is almost impossible for the user to move the table and that means also that it is vandal proof.

There are a lot of places where this picnic table can be useful. This table is very convenient for sporting clubs, because a complete football team can sit at it, but also for schools to take some outdoor lesson in good weather. Of course this table is not only suitable for outside lesson but also ideal for an enjoyable get together.
